

Picnic with *the* *Principal*

St. Mary School third grader Mia had a Picnic with the Principal on Tuesday, Feb. 11. Mia talked a lot about her dogs and how much she loved/loves them. She had 2 dogs that recently passed away at ages 13 and 14. Mia told Mrs. Yauck that they just got another dog named North that has the same spunky personality as one of her other dogs. She said that she really enjoys being a part of the Scouts program. They do a lot of projects and learn about things like the flag, taking care of yourself, getting along with others, working in groups, and taking care of the Earth.

When Mrs. Yauck asked about school she said that she really likes Science because you get to do a lot of experiments.

Mia's reading scores have gone up a lot recently. When asked about Reading, she said that she likes to read because you learn new stuff, but that she likes Science much better.
