On Monday, we talked about what Holy Week is and what it means for us. We had the opportunity to write our sins on paper and have them nailed to a cross to ask for forgiveness.

Mrs. Fehring's 3rd graders performed a shadow play on Tuesday. They reenacted the Stations of the Cross for our other students, parents and staff. They did a beautiful job!

The 3K to 3rd grade students went to church on Wednesday morning and prayed the Stations of the Cross.

3K enjoyed participating in the Holy Week activities with our bigger friends! We learned what this week means within our school and church! We joined 2nd grade and watched a read along about "bubble space" and how to address someone that is in our personal space, then we walked in the gym together. We got to enjoy some outdoor recess in the sunshine! We got a sneak peek at the 3rd grade shadow play of Stations of the Cross! We made some bunny pictures with chalk, sun-catchers of an Easter egg. Also dyed some paper eggs using liquid paint and squirt bottle. Played games matching and recognizing our alphabet by putting stickers on a sheet and matching pigs in mud puddles. On Wednesday, we joined the school and walked to church to listen to the Stations of the Cross.

3K ADVENTURES

hello KINDERGARTEN

Mrs. Muche's grandma graciously made each of the kindergartners a pet peep to take care of this week and then take home for Easter! They loved finding them around the room! We also made Easter baskets/homes for our peeps! We gave our peeps a name and wrote about what they like to do. We listened to a new song in religion, Lord I Lift Your Name on High. We listened to The Stations of the Cross at church. We played time bingo and at the end we got to try the Rice Krispy flavored peeps.

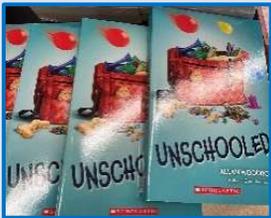

St. Mary School kindergartener Ivy had a Picnic with the Principal on Wednesday, April 16. Mrs. Yauck said that once Ivy warmed up to her, she would laugh after each question and that once she started talking, there was no stopping her. Ivy told Mrs. Yauck that she loves gymnastics and has a balance beam and bar that she does tricks on. She said she likes taking her brother Bryson into playing gymnastics with her but only if she is the coach and can tell him what to do. Mrs. Yauck said that Ivy is going to be one tough cookie growing up with four brothers. Ivy told her that she loves playing outside in the summer and she can't wait for it to get warm out. When asked her if she likes fishing and hunting like her brothers, Ivy said that she doesn't get to do that yet because every time she asks to go fishing with her brother, he always says that a friend is going with him. Then she asked "I wonder why he always has friends come with him?"

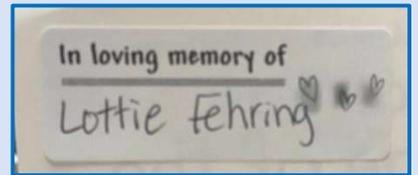

CHILD CARE CORNER

This week we did some letter and number recognition. We also went over what we should and shouldn't do when we go to the potty and how to wash our hands properly. We enjoyed some outside time in the nice weather.

Mrs. Fehring's mother-in-law passed away and with a generous donation in her memory, she was able to purchase books for a book study in our 3rd grade reading class.

The 1st graders got some extra exercise on Monday by doing a little desk drumming!!

This week in 2nd grade, it's been all about the Peeps! We learned how they're made, that they're produced in a plant in Pennsylvania, and that they come in different flavors and are made for all different seasons.

We decided to soak three Peeps in different liquids to see what would happen. We chose water, vinegar, and almond syrup, and we have one that is our "control"—which just means we'll use that one to compare the others to as the week progresses.

So far, we've noticed a lot of changes. Some Peeps have lost their beaks, and one even lost its tail feather! Once we're done with the experiment, we'll talk about the chemical reactions taking place and what state of matter the Peeps end up in.

The 1st graders shared their experiences after caring for their pet peeps for a week. It was fun to see their excitement about this project! 🐣🐣🐣

ST. MARY SCHOOL EXPANSION MEETING

Tuesday, April 29th

6:00 pm at St. Mary, Lomira
Lower level of the school
(Enter through lower level
doors in the back)

In 2nd grade, we made "tomb snacks." We learned about the Stations of the Cross and then discussed how each part of our snack represented a different aspect of Jesus's resurrection.

The crescent roll represented the cloths Jesus was wrapped in. The marshmallow or Peep represented Jesus Himself. The butter symbolized the embalming oil used on Jesus, and the sugar on the Peep represented the spices used to anoint Him. The oven symbolized the tomb where Jesus was placed.

Once the snacks were done baking, we cut them open to find that the Peep had disappeared—just like Jesus was no longer in the tomb when the stone was rolled away.
