Our friend, Miss Jackie, from the American Heart Association visited us on Monday. She told us all about this year's Kids Heart Challenge. She talked about what the AHA does and where the money that is raised goes. The kids are always excited to start earning the cool prizes offered for participating in the challenge! Be sure to get your student signed up today!

St. Mary School first grader Jonah Clark a Picnic with the Principal on Wednesday, Apr. 9. Mrs. Yauck says that Jonah is always so excited to tell stories. When she asked him what he wants to be when he grows up, she just knew that farming was in his future and loved hearing what his farming plans are. Jonah explained in detail how he wants to be a dairy farmer and have a shop that makes butter, ice cream, cream, and bagels. He said that he wants to produce a variety of milk as well so that he has something for everyone. Jonah is always that kind of child, thinking of others before himself. He is excited to get started with the farm this year. They are going to start uncovering the strawberry fields and plan to plant a lot more apple trees. He said that he is going to work on the farm for the strawberry season. He is going to be picking berries for pick up orders, work the register, and help wherever needed. When asked if he was going to eventually take over the farm and he said "yes, with his brothers." Mrs. Yauck asked if he will be the boss and he told her that they will all work together.

CHILD CARE CORNER

It's been a busy week in Childcare! We have been learning our colors, numbers, letters and doing lots of crafts.

We're moving up!
Tuesday, May 20th

Students will be visiting the classrooms they will be in next year!

In 2nd grade, we learned about grid maps. When Mrs. Marshall asked, "What is in square G6?" several students responded, "The animal hospital." Mrs. Marshall replied, "You sunk my battleship!" — which was met with some very confused looks.

This led to a discussion about the game Battleship and how it's a board game that uses grid map reading skills. Inspired, Mrs. Marshall stayed late after school creating Battleship boards so we could play and practice our skills.
