8:00 am Mass

### January

Michelle Krueger	Cook	25 <sup>th</sup>
Tanner Franklin	2 <sup>nd</sup>	26 <sup>th</sup>
Natasha Jug	4K Teacher	30 <sup>th</sup>

*St. Mary School is rooted in Catholic values and academic excellence. We are committed to providing an environment rich in diversity, inclusion and belonging where children of God learn, love and live the faith.*

In 3rd grade math we did multiplication centers just like we did in Kindergarten. Kids rotated through the centers. It was a hit! They asked if we could do it again tomorrow! Keep practicing those multiplication facts! We also created signs for our non-perishable food drive for Catholic Schools Week starting next week! An easy way to give back to our community!

## STAFF SPOTLIGHT

Patty Clark  
Kitchen Assistant

### About Me

I have been married to my husband David for over 49 years. We have 4 sons, 1 daughter, 1 son-in-law, 3 daughters-in-law and 13 grandchildren! I love being a part of the St. Mary's community. It is a privilege and the children are very respectful and kind when we serve food. It is very rewarding to do my job.

### Fun Facts about me:

- I grew up in Cedarburg (not on a farm)
- I married a farmer
- I have had horses and dogs most of my life
- I read Angel Stories from Guidepost to the elderly

### Favorites:

FOOD: Pecan Pie  
TV SHOW: Heartland  
MOVIE: The Notebook  
BOOK: Guidepost Angel stories  
VACATION SPOT: Wisconsin Dells

Our 2nd-grade students played a game called "Froggy Math," created by Mrs. Marshall. The game helped them practice their addition and subtraction facts! We also tried to "make a better boat". Based on what they learned the last time they did the experiment. Today's high score for Pennies was 261 held, before the paper boat sank.

- Wed. Jan. 29: Tacos, Corn, Ice Cream
- Thur. Jan. 30: Chicken Noodle Soup, Dinner Roll, Fresh Fruit
- Fri. Jan. 31: Pizza, Salad, Fresh Veggies

In 3K we are talking about bones in the human body. We used gloves (skin) show them what our hands would be like without bones. Then they put straws (bones) in the gloves and noticed the difference. We also worked with the letter "O" last week.

## What's happening in

It is all about Kindness in 4K this week! Through songs, stories, and conversations, we filled our "Fruit of the Spirit" Trees! We also commemorated Martin Luther King Jr. day with activities that encouraged us to demonstrate the 9 virtues through our work and play. By doing so, we were reminded just how capable we are and how important each kiddo is to our 4K classroom!

# SCHOLASTIC BOOK FAIR

**JANUARY 24 - 31**

**SHOP AT SCHOOL OR ONLINE!**  
ALL PURCHASES WILL BENEFIT ST. MARY SCHOOL!

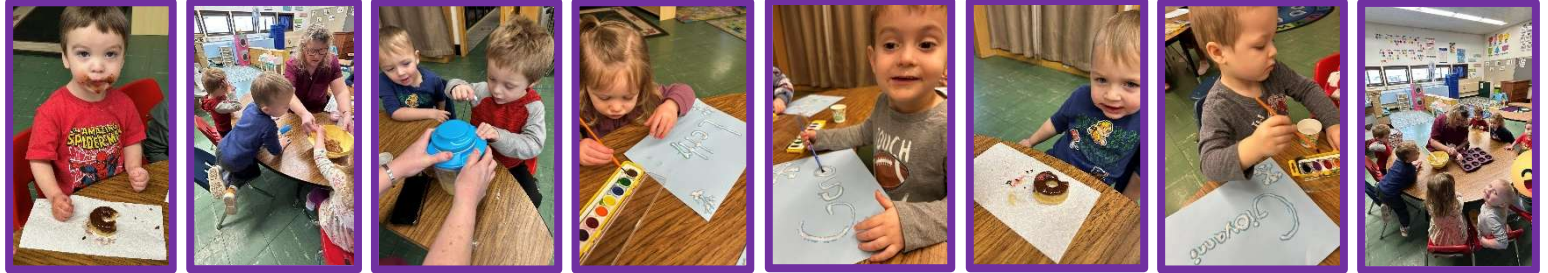

St. Mary School 1st grader Carson MacNeill had a Picnic with the Principal on Thursday, Jan. 23. They also had a guest, Fr. Miniatt, join them. Carson talked about his dad being an EMT and about his mom cutting peoples' hair. He said he thinks it is pretty cool that they work in buildings right next to each other. He talked about his dad going to North Carolina to help the people that were affected by the floods. Carson told Mrs. Yauck and Father Miniatt that he wants to do that when he is older too. He talked about his pet snake, a hairless boa, and how he is the one that takes care of it. Carson laughed when Mrs. Yauck told him to keep the snake far away from her because snakes give her the heebie-jeebies!

# CHILD CARE CORNER

We've had lots of fun the last couple of weeks! We made donuts, our 2<sup>nd</sup> grade friends came to read to us, we played and the gym and we did lots of cool art projects. And, of course, we worked on our numbers and letters!

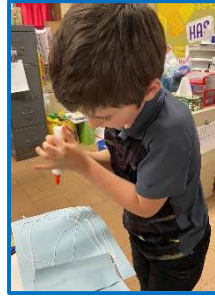

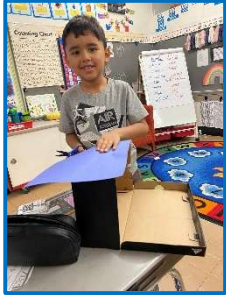

Our theme last week was fairy tales, and we found ways to incorporate our theme into our centers! They were able to make wands and shape crowns! Ivy's mom was our Mystery Reader for Ivy's half-birthday! During STEM, they were challenged to make houses for the three little pigs! The wolf huffed and he puffed, but he did not blow any houses down! This project took a lot of perseverance from our little friends!

St. Mary School kindergartner Josie Feucht had a Picnic with the Principal on Thursday, Jan. 16. Josie loved telling Mrs. Yauck all about "the farm." She talked about the animals they have, things they need to take care of, work that needs to be done, and how much she enjoys helping. Mrs. Yauck asked her what farm chores are, and Josie told her that she collects the chicken eggs in the morning, feeds the animals throughout the day, and makes sure they are all tucked in at night. She told Mrs. Yauck about her cow that likes to get out of the fence and come to the house to visit. Josie thinks that he works on getting out because he loves tomatoes. She said the chickens like the tomatoes too. Josie said that she wants to start showing at the fairs like her big sister does. When Mrs. Yauck asked her what she would show, and she said cows, but they need to be dairy cows not beef cows.

We continue to learn about maps and globes in 1st grade. We also started a "50 States" packet last week and are learning about each of the United States of America! We were also very excited to get started on our habitat dioramas during STEAM!

Watching the 1st graders and 4K students interact during our Tuesday Book Buddy sessions is magical. They are learning and growing together!

Mrs. Fehring's 3rd graders did an amazing job on their life cycle from an egg presentations last week! They were creative and informative and captured their audience attention!
