Our 3rd graders stopped to enjoy the flowers at church after Mass on Friday!

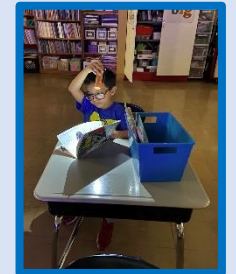

- FIRST DAY OF - PRESCHOOL

Here are some First Day of School photos that our 3K families shared! We are so happy to welcome our new 3K friends!

Our 2nd graders compared different landscapes and how water and marbles rolled or stayed stationary on sloped land vs flat land. The kids had so much fun making predictions and observations!

Instead of doing our regular quiet reading time on Fridays, we will turn out the lights and use flashlights! This group of kids loves books and it was fun to see what creative ways some of them set up their flashlights last week.

- Mon. Sept. 9: BBQ Pulled Pork Sandwich, Salad, Fresh Fruit
- Tue. Sept. 10: Pizza, Salad, Breadstick, Fresh Veggies
- Wed. Sept. 11: French Toast Sticks, Sausage, Fresh Fruit
- Thur. Sept. 12: Walking Tacos, Diced Pears
- Fri. Sept. 13: Chili Mac, Salad, Dinner Roll, Fresh Veggies

What's happening in

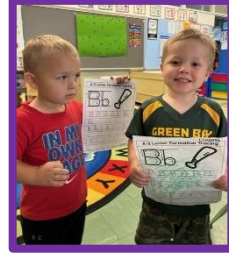

- The Kissing Hand
- Fine motor fun!
- All about apples!
- Fishing, digging, and picking our letters!

We are so excited to welcome our new 3K friends to St. Mary School this week!

Second grader Hailie Dobbert enjoyed a Picnic with the Principal on Thursday, Sept. 5th. Hailie told Principal Mrs. Yauck that she had a great summer but was really happy that school was starting. Hailie said that her family got to go boating a lot and she spent time with grandma. She had sleep overs by grandma, went to birthday parties, went to Brewers games with her cousins, and played with friends. Hailie is really athletic and good at many sports. When Mrs. Yauck asked if she is still playing baseball and she looked at her with a big smile on her face and said "Well, Mrs. Yauck, do you want me to tell you the whole story about why I didn't play baseball? Because it's pretty gross, or do you want only part of the story? Can you handle it?" Hailie had sprained her finger, which hurt a lot and took a long time to heal. She had to hang up her baseball glove for the summer.

This week in 1st grade, students hunted for addition facts in our classroom. With clipboard in hand, they searched the room for math fact cards, wrote the equations out and solved the facts.

Mrs Fehring grew watermelon in her garden this year. Her 3rd graders investigated if it was ripe/good because you cannot tell from the outside (just like Jesus loves everyone no matter size, color, or ethnicity) then cut it open and enjoyed its deliciousness!

How to Pick a Watermelon

SWEET	WATERY
BLAND	NO TASTE
FLAVORFUL	NOT RIPE

The 1st graders helped decorate around our classroom door by making rainbow crafts. They had been asking to use their paints since the 1st day of school. Their rainbows make their teacher smile every time she walks into the classroom!

This week's STEAM project was open ended. We asked the kindergarteners if they could make fidget spinners with only using cubes. Check out our Facebook page to see videos of their creations!
