Mac Bassi	3K	17 <sup>th</sup>
Keaton Cook	3K	19 <sup>th</sup>

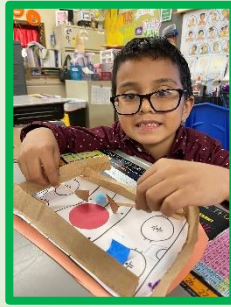

**We were honored to have our  
local veterans join us for  
lunch on Veteran's Day!**

*St. Mary School is rooted in Catholic values and academic excellence. We are committed to providing an environment rich in diversity, inclusion and belonging where children of God learn, love and live the faith.*

We have been enjoying learning about our Superkids characters, who help us learn how to read in kindergarten! Last week's character was Fritz, who loves to fish! The students were able to color the fish that they would like to catch if they went fishing! Listen to the comments to hear about their fish!

In preparation for our annual Admiral's game field trip last week Wednesday, the 1st graders created ice hockey rinks and two hockey sticks! They thought it was so cool that their sticks actually worked to move the "puck" around the rink!

- Mon. Nov. 25: Lasagna, Salad, Breadstick
- Tue. Nov. 26: Pizza, Corn, Fresh Veggies w/ Dip
- Wed. Nov. 27: NO SCHOOL

- Thur. Dec. 5: Meatball Sub, Chips, Fresh Fruit
- Fri. Dec. 6: Fish Sticks, French Fries, Fresh Fruit

# What's happening in

- "Squirrels & Turkeys & Frogs, Oh My!"
- Creation Story

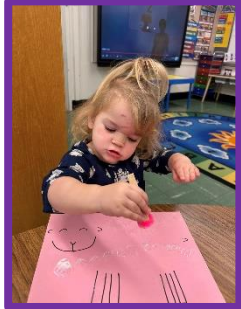

In 3K we worked on Thanksgiving coloring and went outside to play in the snow!

First grader Daniel Gonzalez Mendoza had a Picnic with the Principal on Tuesday, Nov. 19. Principal Mary Yauck said that Daniel is always so happy and smiley. Daniel told Mrs. Yauck about trips that he has taken with his family. His two favorite trips were to Mexico to visit his grandmother and to North Carolina with his cousins. His family had a lot of fun swimming and spending time together. Daniel said that he enjoys going on bike rides with his family and playing at the park next to his house. He also really likes going fishing with his dad. They have an aquarium at home with a lot of fish in it. When Mrs. Yauck asked what his favorite things to do at school are, he said that he really likes playing soccer with his friends and having his friends in his class with him.

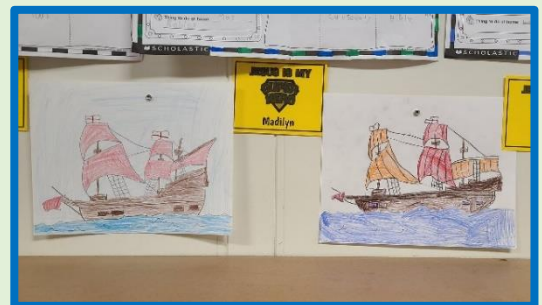

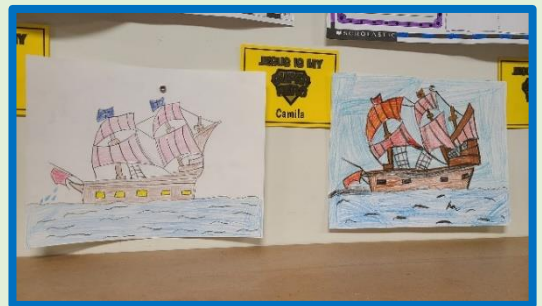

# CHILD CARE CORNER

Lots of learning and lots of fun going on in childcare! We practiced more letters and numbers, worked on art projects, had a popcorn snack break and went outside to play in the snow!

Miss Katie's 3rd Grade Art Class on Tuesday drew our own Mayflower Ships!

St. Mary School 2<sup>nd</sup> grader Conrado Garza had a Picnic with the Principal on Thursday, Nov. 21st. Conrado and Mrs. Yauck talked about things he likes to do as a family, such as dust the house, wash the dishes, clean the kitchen, and cut the grass with a scissors; "ya know, it takes me ALL day to do that". He did say that he likes to jump on the trampoline and has learned many tricks on it. Conrado can do a front flip and a back flip and "land" them. He told Mrs. Yauck that he can also do the cork screw which is a back flip with a twist. "I can twist like 50 times before I land it". Conrado is really good at sports and loves to play soccer, baseball, and football. He was excited about the snow on Thursday and going outside to play in it with his friends.

hello  
KINDERGARTEN

Kindergarten had a surprise mystery reader on Wednesday! George's mom read to us "The Seven Silly Eaters" and even made us our own tiny pink cakes with all the ingredients talked about in the book!

\* We are learning about adjectives, and have been playing many describing games! Such as 20 questions and guess what is in the box. They had to describe what was in the box, just by feeling it. Then their classmates would guess what the item was!

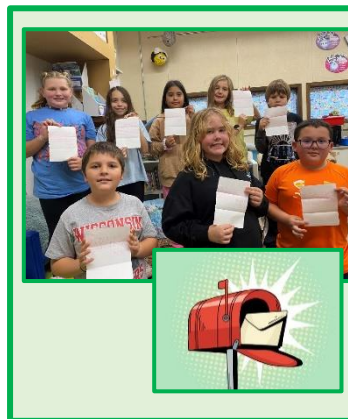

\* We have been working with numbers 10-20 by matching feathers to our turkeys!

\* We are learning about machines, and different forces! We did an experiment about the Berlin Wall and they had to try to knock the wall.

\* We played Guess Who with our Superkids characters! As they asked questions they flipped over who was not "it"

\* We have been talking about our feelings and how to manage our emotions!

\* We enjoyed making words out of the turkey's feathers!

In third grade we had to practice writing a friendly letter. We wrote to Mrs. Fehring's daughter's friend in the Naval Academy in Colorado. We were so excited that she wrote us back! She took time out of her busy schedule to do this! Thank you, Emma!

Third grade STEAM project last week was creating a pumpkin catapult. We worked as a group to create then individually tested and tried to launch our pumpkins as far as they could. Trial and error was the theme!

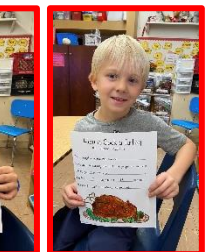

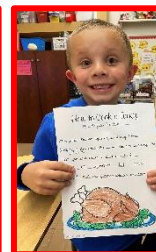

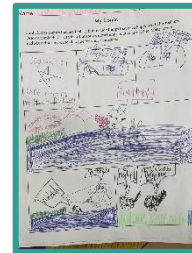

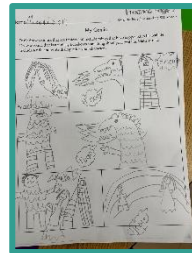

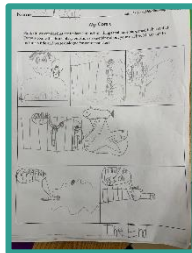

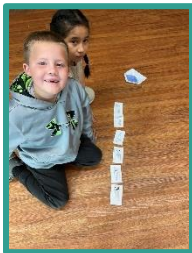

St. Mary School held an Eating for Education fundraiser at Don Ramon in Mayville on Thursday, Nov. 7th. The event was well attended by school staff, families and community members. There were several raffle prizes available at the event. Pictured is St. Mary School Principal Mary Yauck and Roberto from Don Ramon as he presented a donation to the school from the Eating for Education event. Thank you to the staff at Don Ramon for your continued support of St. Mary School!

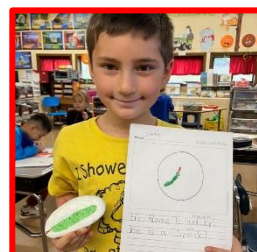

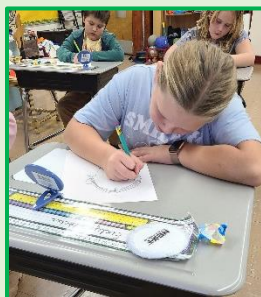

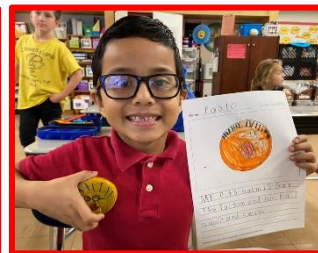

# SECOND GRADE Squad

- We added more things we are grateful for to our pumpkin.
- We did our reading a little different on a cold, cold, wet day. We read in pairs in comfy chairs.
- We made comic strips like the ones they see in the book we are reading called "Stink the Incredible Shrinking Kid". They made comics about stories they came up with themselves or from things that happened to them in real life.
- We went to the church to learn about confession. We learned the steps and practiced doing everything in order.
- We learned the differences between the past and the present in social studies. They had questions about what a wash board was. Mrs. Marshall brought in some of her aunts old wash boards and we tried washing some of our spare hats.

In 3rd grade we made turkey centerpieces for our Thanksgiving dinner tables! And in Miss Katie's 3rd grade Art class, instead of thinking about what we are "thankful for" we reflected onto ourselves and thought of ways we are "greatful for ourselves". We used mirrors to draw self-portraits of us trying to blow bubbles with gum.

# 1st Grade Rocks!

- Mrs. Gonring's little 1st grade turkeys were asked to share how they would cook a Thanksgiving turkey for the local newspaper!
- The 1st graders read a story about a special rock pet. Then they created their very own rock pets!
- The 1st graders started a unit in social studies called "Our Community" which includes learning about maps. Each student picked a state they would like to travel to and found it on the map. They drew a picture of the state and colored it based on the land elevation.
