# What's happening in

- Real and Make-Believe
- Measurement
- Letter K

In 2<sup>nd</sup> grade, we read about a world record holder who broke glass with her voice, then we watched a video that explained how she did it. We practiced our spelling words in a few fun new ways. Some people recorded themselves spelling their words, while others wrote their words on a dry erase board.

We read the tall tale of Pecos Bill. He was a rough and tough rancher, larger than life, who worked his way through many trials and tribulations. We then used a "cootie catcher" to retell and discuss parts of the story. The kids were so excited about the cootie catchers that they even made some of their own!

# CHILD CARE CORNER

Our childcare kiddos worked on knowing the difference between Big and Small!! They also worked on their letter recognition along with some painting!!

Vincent Van Gogh recreations this week! 3rd grade used different watercolor techniques they learned last week. 2nd grade used paint sticks and watercolors. In 1st grade and 5K, some worked on finishing up their heart projects while others painted some cats with paint sticks.

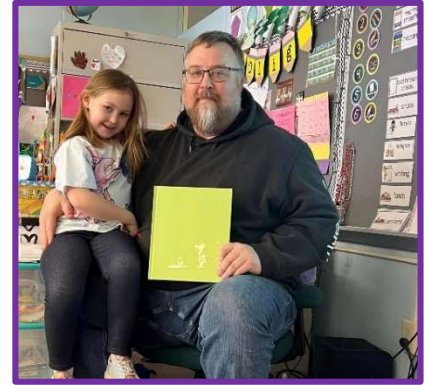

St. Mary School first grader Marcelo had a Picnic with the Principal on Thursday, Feb. 27. Mrs. Yauck said that Marcelo has a smile that lights up the room, and that he is such a happy little boy. During lunch, they talked about the things Marcelo likes to do and what makes him happy. He told Mrs. Yauck that he likes playing with his friends at school best. "They like doing the same things as me like playing tag, making snowmen and laughing at silly things". He has been working very hard at school and loves to read, building things in STEAM class and doing projects. At home Marcelo plays with his little brother and cousins all the time. He also enjoys playing video games and going shopping with mom and dad.

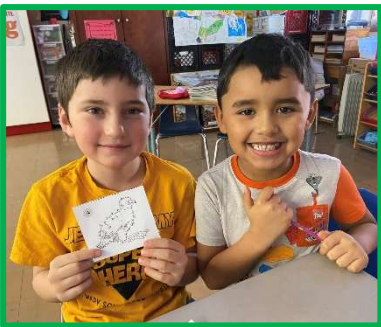

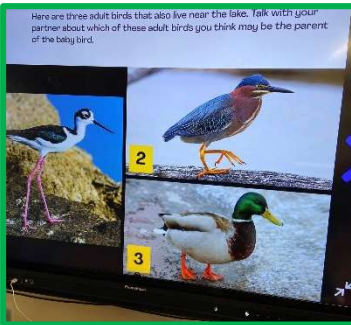

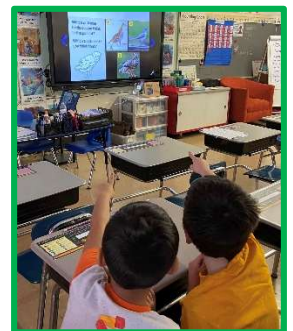

Discovery, maps, and hunts is our theme in kindergarten this week! We did a classroom scavenger hunt to help prepare us for the scavenger hunt we will have on Friday that will be throughout the school. Students worked in pairs reading off a list and taking a picture of each of their findings. It was a class favorite!

"What Do You Do With An Idea?" Kindergarten got to listen to this story from our mystery reader, Lily's dad! Thanks for inspiring us to use our ideas!

In STEAM last week, the 1st graders worked with a partner to match the traits of a baby bird to its mama bird. They had to compare things such as the beaks, the feet, and how the eyes looked. It was fun listening to the discussions that each team had.

St. Mary School second grader Landon had a Picnic with the Principal on Wednesday, Feb. 26. During lunch, Landon told Mrs. Yauck about how he really likes going ice fishing with his dad. He said that a lot of people don't like it because it is so cold, but his dad has an ice fishing shack that has a heater in it so they don't get cold. He said that they like catching all kinds of fish. Landon told Mrs. Yauck a story of a time when they laid the fish they caught on the snow bank so they would stay cold. When they went back to get them, an animal had taken one and ate it. Landon likes playing games with his family. One of his favorites is Mouse Trap because he likes to figure out how to put the trap together. He said that he likes doing those same kind of things at school during STEAM class as well. When Mrs. Yauck asked Landon what else he likes, he said trying to trick people with a Whoopy Cushion. He belly laughed after telling her all about his tricks.
