

Picnic with the *Principal*

St. Mary School second grader Tanner Franklin had a Picnic with the Principal on Wednesday, Feb. 12. Mrs. Yauck said that Tanner is such a happy child and had so much to talk about. He told her how he is going to spend a couple of weeks with his Pawpaw this summer in North Carolina, just the two of them. He can't wait to go fishing with him. Tanner talked about these "special" lakes that have a certain kind of fish in them that remind him of a bass only larger, and they are so fun to catch. Tanner told Mrs. Yauck that the rest of the family is going to join them a couple of weeks later and then stop at places to vacation on the way home. They are going to the beach and some water parks. Tanner loves the outdoors and anything to do with hunting. He also likes watching snowmobile races and loves how fast they go. He enjoys playing baseball and said that they have already started practicing for this summer using an indoor shed to practice in.
